## **H1N1 VACCINATIONS CLINICS AT ANDERSON MIDDLE SCHOOL CANCELLED**

The H1N1 vaccination clinics scheduled next week at Anderson Middle School will be cancelled due to a limited supply of the vaccine.

During the four community clinics held this week, approximately 2,500 doses of the H1N1 vaccine were distributed to the priority group of children and young adults up to 24 years old.

The next planned vaccination clinic is scheduled for **Wednesday, November 4<sup>th</sup>** from 5:00 pm – 8:00 pm at the **Martin County Health Department** at 3441 SE Willoughby Boulevard in Stuart. And Saturday, November 14<sup>th</sup> from 10 am – 3:00 pm at the **City of Stuart Fire Rescue Department** at 800 SE Martin Luther King, Jr. Boulevard. Both clinics will focus on children and young adults: ages 6 months through 24 years of age.

“Our recent clinics in Indiantown and Jensen Beach were very successful and ran very smoothly,” said Mark Chittum, Martin County Health Department Administrator. “We need to allow our vaccine supplies to rise so that we can continue to offer the vaccine to the community”.

### **H1N1 Vaccination Clinics:**

These clinics are for children and young adults  
Ages 6 months to 24 years of age – only.

**\* Clinic dates and times are subject to change based on vaccine supply and demand**
